LX Hausys Exterior Solutions

Design

From differentiated colors and patterns to elegant gloss. Premium design and sensuous beauty enhances the dignity of a building.

Technology

We add further value to the construction by providing durability that can withstand challenging environments such as UV rays, moisture, and temperature.

Trust

With the know-how and differentiated customer satisfaction services, LX Hausys builds strong trust that will be remembered for a long time.

About LX Hausys

LX Hausys is Korea's largest manufacturer of building & decorative materials that has supplied interior materials to enhance the value of living spaces for the past 70 years.

We will continue to establish ourselves as the company that delivers trust and satisfaction to our customers with our market-leading products and advanced technology to supply healthy, eco-friendly products and materials, as well as systems and solutions that maximize energy efficiency.

NATURE

Turning Nature into Living Space

We design spaces that harmonize with nature through eco-friendly and energy-efficient materials.

HUMAN

Embracing People

We improve the quality of life and establish future trends in living spaces through human-friendly designs.

SPACE

Inspired Living Space

We help create spaces that bring contentment to our customers.

Global Network

LX Hausys operates a domestic headquarters, production facilities, six overseas sales subsidiaries, three overseas production subsidiaries, and one overseas branch, with a focus on the Europe, the United States and China.

R&D

LX Hausys continues to enhance customer satisfaction and develop eco-friendly products. In particular, the R&D Center strives to create new products through ongoing R&D investment, foundational technology, and collaboration with other affiliates.

Heritage

75 years of research and development experience and achievements since 1947

Proprietary facilities

In-depth studies through our own laboratories and testing facilities

Persistent commitment

Continuous R&D investment, securing fundamental technology, and collaboration among affiliated companies

Design Competitiveness

We are building our own design capabilities in our Design Center, which is the largest in the domestic building & decorative materials industry, presenting globally competitive designs.

Product Line-up

E200

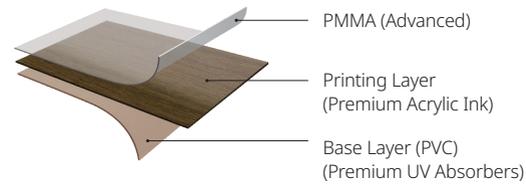

E200 is an acrylic composite product with 10-year warranty. This product is suitable for Central Europe. Customers can choose a variety of patterns (Printed, Soild, Metallic, Abstract) and emboss.

Thickness	Width
0.2mm	660 / 1,320mm
0.23mm	630 / 1,260mm(REAL-ex)
0.28mm	630 / 1,260mm(3D Matt)

E300

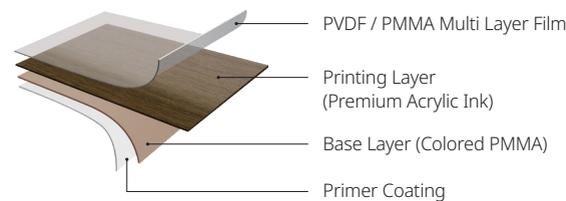

E300 is similar to E200 in the structure but has greater weatherability of up to 15 years with the application of a special ink/PVC formula. This product is highly recommended for Central Europe and Southern Europe.

Thickness	Width
0.2mm	660 / 1,320mm

E300+

E300+ is made of PVDF/PMMA multi-layer film and the base is also colored PMMA (non-PVC structure). This product is designed for areas with extreme weather conditions, such as India, Middle East, Asia and South America.

Thickness	Width
0.2mm	660 / 1,320mm

Exterior Foil

Product Category

There are two categories in LX Hausys product lineup – Profile Wrapping and 3D Forming. Profile wrapping has a thickness of 0.2mm & 0.23mm. 3D forming has a thickness of 0.28mm with PMMM of over 70µm, and its surface is treated with a matt finish.

Application	Total	Thickness of PMMA	PMMA Type	Width												
Window / Door	<p>200 µm</p>	About 50 µm	Glossy	<p>660mm/1,320mm</p>												
						Window / Door	<p>230 µm</p>	About 70 µm	Matt	<p>630mm/1,260mm</p>		Door (3D)	<p>280 µm</p>	About 70 µm	Matt	<p>630mm/1,260mm</p>
Window / Door	<p>230 µm</p>	About 70 µm	Matt	<p>630mm/1,260mm</p>												
						Door (3D)	<p>280 µm</p>	About 70 µm	Matt	<p>630mm/1,260mm</p>						
Door (3D)	<p>280 µm</p>	About 70 µm	Matt	<p>630mm/1,260mm</p>												

Exterior Foil

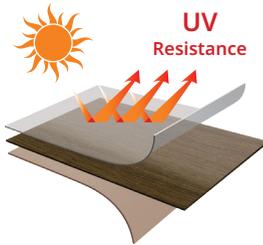

Strong Point

365 days a year, the beauty enduring light, wind, rain and pollutants, 3 features of LX Hausys exterior foil.

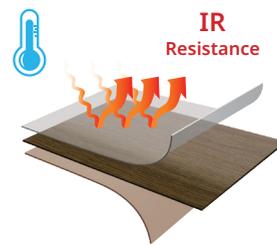

Weatherability against UV rays

Artificial Weathering Test
Min. 10000-15000 Hrs

Heat Block Function against infrared rays

Reflects infrared rays to lower surface temperature of laminated profile

Water & Moisture Resistance

Artificial Weathering Test
18min. cycle moisture spray

Exterior Foil
